PROFIL

Je m'appelle Jonathan Caudron, depuis mes 10 ans j'ai développé une passion dans le développement en général, pendant mon temps libre j'ai pu améliorer mes compétences. Je sais créer des designs et créer des projets dans différents langages.

EXPERIENCE

2020-2021   Projet Tutoré S1
University of Artois – IUT de Lens
My name is Jonathan Caudron, since I was 10 I have developed a passion for development in general, in my free time I have been able to improve my skills. I know how to create designs and create projects in different languages.

2018-2020   Nelastia
Nelastia
I participated in the creation of a "Minecraft" game server, mainly developed in Java and linked to a MySQL database for user data. This project helped me in learning and deepening Java language and SQL.

2017-2018   ICN (HTML)
Henri Darras High School (Liévin)
I participated in the creation of a Berck kite themed site in a group of two, using mainly HTML, CSS and JavaScript, using the Bootstrap library.

EDUCATION

2020-2021   DUT Info
University of Artois – IUT de Lens

2017-2020   BAC STI2D
Henri Darras High School (Liévin)
